The Enfield Recovery House

The **Enfield Recovery House** is a community residence for men who have successfully completed an alcohol or drug treatment program, which offers the residents a strong foundation in recovery and stresses the need for responsibility and integrity in all aspects of daily living. Residents are expected to attend 12-step programs on a daily basis, obtain and maintain employment, and participate in house activities and chores. As the administrator I am dedicated to creating an environment of fellowship, support, and mentorship especially important in early recovery. Those clients whom you have assessed as able to both contribute to and benefit from this type of setting, as well as having displayed a strong commitment to their recovery, are welcome to apply. Please request our application and do not hesitate to call if you have any questions.

Sincerely, Paul Organek

Enfield Recovery House provides residents with:

- A safe and sober living environment
- Peer support and daily structure
- The opportunity to be responsible and independent

To be eligible for admission to Enfield Recovery House an individual must:

- Be 18 years or older
- Be able to live independently with minimal supervision
- Be in need of transitional housing
- Be willing to abide by all the policies and regulations of Enfield Recovery House

Individuals who will not be accepted for admission are those:

- Needing emergency psychiatric care
- Requiring detoxification
- With a history of serious violence
- With needs that cannot be met by existing program

If you believe your clients can benefit from this type of setting, and they are committed to taking the first steps to a life of recovery, we welcome them to apply. Also please forward this information to those in your organization you feel could benefit from it.

Thank You
